

Keyhole covers (MHG-051) user's manual

Compatible car models

Jeep Wrangler JK

Thank you for your purchase.
Please read this user's manual in its entirety before using the product.

This user's manual contains important warnings and user notices. Please keep it in an easily accessible location inside the vehicle to facilitate reference at any time.

⚠ WARNING and User Notice

This product is only for Jeep Wrangler JK door keyholes.

- Do not install the product anywhere other than the specified locations.
- * This product is compatible with 2007–2017 Wrangler JK models.
- * Although this product is for Jeep Wrangler JK models only, individual differences in the product and car model may result in some rattling when installing this product.
- * Rotating this product while it is installed may scratch the area around the keyhole.

This product uses a strong neodymium magnet. Note the following precautions when handling this product.

- * Keep this product away from anyone with a cardiac pacemaker.
- * If you bring IC cards, tickets, memory devices, or other storage media close to this product, the data may be corrupted and become unusable. Do not allow electronic devices such as watches, GPS devices, mobile phones, or smartphones to come into contact with the magnet part of this product, as doing so may cause the said devices to malfunction.
- * SEIKOSANGYO shall not be liable for any accidents or loss caused by this product.
- We will not be liable or provide compensation for any changes caused by using this product such as failures or damage (breakage, scratches, discoloration, marks, etc.) that may occur to the sides of the vehicle.
- While this product uses materials with excellent heat and weather resistance, be aware that the product may change shape due to excessive heat from outside the vehicle, or deteriorate over time (fading and cracking) due to factors such as UV rays from the sun and the climate in which you use the product.
- The product may fall due to strong vibrations while driving.
- Remove the product before washing the vehicle.
- Do not install the product anywhere other than on the door keyhole.
- This product is for Jeep Wrangler JK automobiles only and cannot be used for other purposes.
- * SEIKOSANGYO shall not be liable for any accidents, failures, or damages that may occur if you do not follow the precautions on this document, or if you install, disassemble, or modify the product incorrectly.

Components

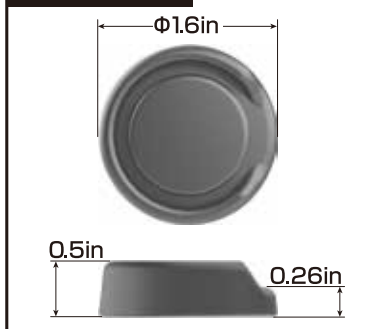

- Keyhole covers (For both sides of vehicle · For rear of vehicle)×3

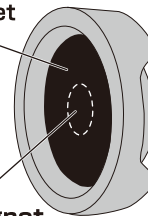

Installation procedure

- Check the position of the keyhole to which you will install this product.
- Thoroughly remove dirt, dust, oil, etc. from the installation location with a neutral detergent.
- This product contains a magnet and so it can be easily installed by simply bringing it close to the keyhole.
- To prevent rotation and reduce damage to the keyhole, a silicone sheet is used for the surface of the product that comes into contact with the keyhole.

Dimensions

Silicone sheet

Built-in magnet

<Notes>

*Make sure to check the user manual of your car or contact the car manufacturer to see if the material of the installation location will not deteriorate if it is wiped with a neutral detergent.

Main material | PC-ABS

CA-1 | Made in CHINA
